

Donor Recruitment Regions

Our Donor Recruitment Team around the UK is on hand to organise local donor appeals, community and corporate donor recruitment sessions, give talks and promote our work.

We hold donor recruitment sessions throughout the UK and always welcome local help. If you want to get involved in this vital area of The Anthony Nolan Trust's work please contact one of the team below or [click here](#) to view other volunteering opportunities.

Our jobs are to raise awareness about the urgent need for more volunteer bone marrow donors. We run recruitment sessions around the UK, giving people the opportunity to join the register and become potential life-savers. There are so many myths and misconceptions that exist about donating bone marrow and it is our job to spell out the facts so that YOU can make an informed decision.

If you think you can help, get in touch.
